OhioHealth First Responder COVID-19 Testing

EMS | Fire-Rescue | Law Enforcement | Corrections

Revised 2021-08-17

OhioHealth is committed to supporting first responders. COVID-19 testing is available for members of EMS, fire-rescue, law enforcement and corrections departments. Testing follows Centers for Disease Control and Prevention and Ohio Department of Health criteria.

For First Responder COVID-19 testing,
call the OhioHealth COVID-19 Clinical Team (CCT) at (614) 788.2299

The CCT is available Monday through Friday (8 a.m. to 4 p.m.). Times are subject to change without notice.

Testing sites are available in areas served by OhioHealth care sites. If testing is appropriate, the CCT will advise you of the appropriate testing location. Visit **https://www.ohiohealth.com/covid-19/covid19-testing** for a list of available sites and hours of operations.

How to Access Testing:
1. Contact the OhioHealth COVID-19 Clinical Team (CCT) at (614) 788.2299.
2. The CCT nurse will ask a series of questions to ensure you meet the testing criteria.
   - The CCT nurse will ask if you have a primary care provider (PCP). If not, we can connect you with a PCP who offers telehealth appointments.
   - The CCT nurse will provide you with directions to the appropriate testing location.
   - You may receive a call from OhioHealth registration if additional information is needed.
3. Once you arrive at the testing site, the curbside testing will be done at your car. Please limit the number of people in your car as much as possible.
4. You will be given instructions on follow-up care after testing is completed.

How You Will Receive Your Results:
- Lab results are typically available within 24 hours.
- OhioHealth will send results to your primary care provider.
- OhioHealth will communicate positive test results to ODH.
- You will be notified of your test results by your primary care provider and an OhioHealth CCT Team Member.
- Your test results will also be in your OhioHealth MyChart account.
    - Web site > **https://mychart.ohiohealth.com**
    - Mobile Apps > Visit the Apple or Google Play app stores
- You are responsible for notifying your employer of results.
